Email: kpa@kpa.or.id
Website: www.kpa.or.id

Year established: 1994

Level of activities: National

Geographic area of work within Kalimantan: Kalimantan Tengah

Organizational Profile:
Consortium for Agrarian Reform (KPA) was declared on the 24th September 1994 in Jakarta, which was then followed by the first National Consensus (Munas) in Bandung on December 1995. Since that time, KPA has become living proof of the transformation of fair agrarian rules, as well as the struggle of the Indonesian farmers and others who have sympathy toward the Indonesian farmers due to economic-political-cultural underdevelopment caused by ongoing agrarian crisis.

Moreover, the existence of KPA simultaneously transforms the dialogue of struggle from theory into the practice of struggle of Agrarian Reform in Indonesia. Based on the level of KPA development viewed from the organizational and program objectives aspects, the resolutions from the previous third National Consensus (2002) can be made as basis to judge that: organization-wise, KPA have acquired members of 77 mass organizations (organizations of farmers, fishermen, plantation workers, and customary people groups), 118 non-governmental organizations, and 37 individual members spread in almost all Indonesian territory, including Sumatera island, Java-Bali, Kalimantan, Sulawesi, West and East Nusa Tenggara, Maluku, and Papua.

Activities:
1) The empowerment and development of mass organizations.
2) The management of information production and network.
3) The study and critical analysis.
4) Policy advocacy either in national or regional level.

Contact person; Indra Bayu Patimaleh Nayar, (Executive Director)

Year Established:
1999

Level of Activities:
Local

Geographic area of work:
Palangka Raya, Kalimantan Tengah

Organization Profile:
LRPL-KT was founded to address the problem that flora and fauna species lessen more and more due to the impact of forest damages and that disproportionate forest utilization puts the environment and the community at a disadvantage. The institution proposes, in general, to manage and preserve the environment in a proportional manner and to support the facilities to do so. Issues of concern cover a broad range including environment agriculture, health, clean water and sanitation, legal issues, human rights, democracy, urban development, and social forestry. General activities include studies and surveys, education and training, technological development, publications, and seminars.

Specifically, LRPL-KT's efforts have included advocacy campaigns regarding environmental pollution in Sembulu Lake and forest damages in the same area.

THE LAW ASSISTING INSTITUTION FOR CUSTOMARY COMMUNITIES OF WEST KALIMANTAN

LEMBAGA BANTUAN HUKUM UNTUK MASYARAKAT ADAT

**Abbreviation:** LBH-UMA

**Address:**
Gedung Delkomses Keuskupan Agung Pontianak Lt II, Jalan Imam Bonjol No.338A,
Pontianak Selatan, Kalimantan Barat 78011
Phone : 0561-731043
Fax : 0561-731043

**Year Established:**
2002

**Level of Activities:**
Regional

**Geographic area of work:**
Kalimantan Barat

**Organizational profile:**
LBH-UMA is as an independent institution that works to empower society in the fields of upholding the supremacy of the law and community development.

**Vision Statement**
The indigenous communities of West Kalimantan are capable of upholding the supremacy of the law in a way that allows them to achieve their own sovereignty and dignity. In this way, they will be able to manage and develop their interests relating to the law, politics, democracy, human rights, social problems, the economy, the environment and religion. They will pursue these goals in the true spirit of cooperation and compassion, aiming for a life that is just, peaceful, safe, prosperous and independent.

**Mission Statement**
- To provide legal services to the community through: 1) investigation and advocacy; 2) legal consultation and legal representation; 3) defense of human rights and social problems; 4) analysis of policies and legislative regulations which are not in the community’s best interests.
- To provide support services to the community through: 1) information services, education/training, and legal research/study; 2) the development and standards of economic livelihood; 3) protection of the environment from destruction and environmental conservation; 4) development of the potential skills of women (mothers), youth, adults, and traditional community leaders so that they actively participate in all community developmental activities in their village.

**Activities:**
1. Promoting non-formal education, information on legal services, politics, democracy, human rights and social problems of the local indigenous community.
2. Campaigning for the protection and conservation of the environment
3. Forming productive collectives (self-reliance and farming groups), especially for mothers, as an effort to eradicate poverty.
4. Facilitating the creation of organizations of customary leadership
5. Conducting seminars on strategic planning to formulate a service program strategy for the community.
6. Launching organizations of LBH-UMA work programs among the local government and indigenous communities.
7. Conducting discussions on law, politics, the economy and the environment with public figures, the church, government and NGOs.
8. Providing critical education to the local community through village groups, holding discussions in remote villages and rural areas.
9. Organizing dialogue on policy solutions with the government and customary leadership organizations (LPA).

Geographic area of work: Kalimantan Tengah

Organizational Profile:
LEW-KT was founded in response to concern regarding the weakness of law enforcement, especially in Central Kalimantan. LEW-KT regards law enforcement as not only the responsibility of government but the responsibility of the people in general.

LEW-KT has developed as its motto: Only good, correct, and true law can guarantee safety, order and peace in the community.

LEW-KT works to educate the community about their rights and responsibilities in law, and conduct fact-finding in the field, especially regarding law enforcement. These activities are conducted with the intention of stimulating thinking about moral responsibility and to work together with other components of society to find the best solution. LEW-KT also campaigns to promote awareness regarding the rule of law in Central Kalimantan.

Yayasan Pangingu Binua

Organizational Profile:
YPPN was established by a group of young Dayak leaders in Pontianak, West Kalimantan. Their objective in forming the organization was to facilitate grassroots NGOs in areas of West Kalimantan. YPPN has established a common office for use by grassroots NGOs and it serves as a source for sharing information. YPPN currently supports the activities of seven grassroots NGOs.

Vision:
The society should live in a democratic way, respecting human rights, based on wisdom, equity and pluralism values.

Mission:
1) Regain the global loss of biodiversity and cultural heritage.
2) Reinforce the capacity and rights of marginal groups to enable them to manage and explore their natural biodiversity.
3) Develop democracy and pluralism.
4) Fight for human rights, social reconciliation, justice and peace.
5) Develop organic farming.
6) Develop education of multi cultures, gender and antiviolence since early years.
7) Develop media alternative for plural community empowerment.

Goal:
To reinforce institutions which apply community based natural resources management system, forest and coral reefs conservation in Indonesia, develop democracy, pluralism and human rights, to develop education of multi cultures and also develop sustainable agriculture through experiment exchange, natural resources management planning, training, workshops, seminars, mediation and dialogue with authority administration.

Year Established:
1993

Level of Activities:
Local

Networks and Partners:
JKPA, KPA, Pancur Kasih Consortium Mining Network

Geographic Area of Work:
Kalimantan Tengah

Organization Profile:
YBSD was founded as a forum for people to file their complaints as well as a provider of protection and assistance for the rights of the indigenous community, specifically ownership of their land. Specific activities thus far have included advocacy for victims of mining development, participatory mapping of indigenous community land, and community empowerment.

Activities:
1. Providing advocacy on issues relating to natural resources: mining, forestry, land, water
2. Mapping indigenous community lands in rural areas
3. Strengthening of the household economy
4. Empowerment indigenous women
5. Strengthening of customary (adat) law
6. Providing assistance for indigenous community organizations
7. Planning and empowerment of traditional agriculture
8. Providing assistance to and strengthening credit unions in Central Kalimantan
9. Providing advocacy on education issues

Level of Activities:
National

Geographic area of work (within Kalimantan):
All Kalimantan

Organizational Profile:
SW is a network of NGOs and individuals concerned about the expansion of large palm oil plantations in Indonesia and the increased frequency in communal conflict and violence that has coincided with the destruction of forest land by developers of large palm oil plantations and other environmental problems. SW was established to stem the expansion of large palm oil plantations in Indonesia.

Vision
To realize the sovereignty of local community rights through protection, conservation and management of forest bio-diversity in ways that are just, sustainable, and based on human rights and gender equity.

Mission
1. To work with community groups and other civil organizations to rally forces to stop the expansion of large palm oil plantations in Indonesia.
2. To facilitate the resolution of conflicts over palm oil plantations in ways that advantage the people and minimise the impact on the environment.

Activities:
1. Research and study regarding large palm oil plantations in Indonesia
2. Monitoring of the practices of development of large palm oil plantations and the activities of palm oil plantation companies and those who provide financing for these companies.
3. Information service to provide the public with information regarding large palm oil plantations through: media outreach, website, library, mailing list and database.
4. Campaigning at the national and international levels through: media campaigns, public awareness campaigns and public pressure.
5. Policy dialogue through facilitation of dialogue between communities and the government, parliament and corporate interests at the local and national levels, to promote conflict resolution and changes in policies regarding plantations in Indonesia.

**Networks and Partners:**
National: INFID, WALHI, ESLAM, HIPMA, Casia Lestari
International: CORDAID, Ford Foundation, CCFD, Danida, WRM, Crocevia

**Organizational Profile:**
SEGERAK is an independent membership foundation, comprising 22 organizations that share the vision of SegeraK and have commitment to achieving this vision in Kalimantan.
SegeraK is intended to serve as a coordinating body, to provide direction to the struggle of traditional Dayak communities to fight for their indigenous rights, existence and sovereignty in terms of Dayak self-determination. Member organizations of SegeraK are organizations that work in concrete ways for liberation of the Dayak people from social domination and oppressive cultural, economic and political forces.

**Vision:**
Indigenous communities, in particular, Dayak communities, are capable of determining and managing their social, economic, cultural and political lives, with a spirit of togetherness and love, to reclaim their dignity.

**Mission:**
1. Facilitating the institutional empowerment of SegeraK members, activists and non-members that require assistance
2. Facilitating strategic policy and coordination of an empowerment movement in Kalimantan
3. Facilitating a movement for peace and reconciliation in Kalimantan
4. Management of health programs in the areas where SegeraK works, including, “health solidarity”, savings for old age, accident insurance and pension programs
