GRADUATION EXERCISES

WALLACE WADE STADIUM

Sunday, the Thirteenth of May, Two Thousand and One
Ten O'clock in the Morning
NOTES ON ACADEMIC DRESS

Academic dress had its origin in the Middle Ages. When the European universities were taking form in the thirteenth and fourteenth centuries, scholars were also clerics, and they adopted robes similar to those of their monastic orders. Caps were a necessity in drafty buildings, and capes or capes with hoods attached were needed for warmth. As the control of universities gradually passed from the church, academic costume began to take on brighter hues and to employ varied patterns in cut and color of gown and type of headdress.

The use of academic costume in the United States has been continuous since Colonial times, but a clear protocol did not emerge until an intercollegiate commission in 1893 recommended a uniform code. In this country, the design of a gown varies with the degree held. The bachelor's gown is relatively simple with long pointed sleeves as its distinguishing mark. The gown for the master's degree has an oblong sleeve with the rear part cut square and the front part with a cut-away arc. The most elaborate academic costume is the doctoral gown with velvet panels down the front and three bars of the same material across the sleeves. The velvet is usually black, but it may be a color designating the field of study to which the degree pertains. The gown itself, usually black like those of the lower degrees, may be of a color distinctive of a particular university.

The hood bears a still larger symbolic burden: the width of its velvet trimming designates the level of the degree; the color heralds the major field of study; and the lining identifies the institution that granted the degree. Duke University is symbolized by a lining of Duke blue with a white chevron.

The cap, originally round, is usually a square mortarboard and is the same for all degrees. The standard tassel for the cap is black, but the cap worn with the doctoral robe may have a gold tassel.

The Duke doctoral gown, worn today by candidates from the Graduate School, by Trustees and Officers of the University, and by several of the principals in the Exercises, is in the authentic Duke blue. The Duke University shield, embroidered in blue on white, is applied to each front panel. With this gown there may be worn a black velvet, four-pointed, soft tam with a square top and a gold metallic bullion tassel.

SIGNIFICANCE OF COLORS

Colors indicating fields of study and colors identifying some of the universities represented by members of the faculties of the University are:

<table>
<thead>
<tr>
<th>Field of Study</th>
<th>University</th>
</tr>
</thead>
<tbody>
<tr>
<td>Arts, Letters, Humanities—white</td>
<td>Cambridge—crimson</td>
</tr>
<tr>
<td>Business Administration—drab</td>
<td>Chicago—maroon</td>
</tr>
<tr>
<td>Divinity, Theology—scarlet</td>
<td>Columbia—light blue and white</td>
</tr>
<tr>
<td>Economics—copper</td>
<td>Duke—Duke blue and white</td>
</tr>
<tr>
<td>Education—light blue</td>
<td>Harvard—crimson</td>
</tr>
<tr>
<td>Engineering—orange</td>
<td>Johns Hopkins—black and gold</td>
</tr>
<tr>
<td>Fine Arts—brown</td>
<td>North Carolina—light blue and white</td>
</tr>
<tr>
<td>Forestry—russet</td>
<td>Northwestern—purple and gold</td>
</tr>
<tr>
<td>Law—purple</td>
<td>Oxford—scarlet</td>
</tr>

</tr>
<tr>
<td>Philosophy—dark blue</td>
<td>Virginia—navy blue and orange</td>
</tr>
<tr>
<td>Science—golden yellow</td>
<td>Yale—Yale blue</td>
</tr>
</tbody>
</table>

MACE AND CHAIN OF OFFICE

Again at commencement, ceremonial use is made of two important insignia given to Duke University in memory of Benjamin N. Duke. Both the mace and chain of office are the gifts of anonymous donors and of the Mary Duke Biddle Foundation. They were designed and executed by Professor Kurt J. Matzdorf of New Paltz, New York, and were dedicated and first used at the inaugural ceremonies of President Sanford in 1970.

The Mace, the symbol of authority of the University, is made of sterling silver throughout. It is thirty-seven inches long and weighs about eight pounds. At the lower end of the hammed shaft is a gilt (gold-plated) pine cone. The upper end of the shaft displays the inscription Universitas Dukiana 1838. This inscription is surmounted by a short, hammered neck followed by the head which has eight flutings alternating with eight gilt ribs. Above the head of the mace, a band carries the motto of Duke University: Erudition et Religio. The upper end of the mace is a crown of gilt laurel leaves which carries the seal of Duke University surrounded by the three symbols of the Trinity to indicate that Duke University emerged from Trinity College.

The Chain of Office of the President of Duke University is four feet long and is also made of sterling silver throughout. The main part consists of nine silver pine cones alternating with ten gilt clusters of three laurel leaves each. In the front hangs the gilt medallion with the official seal of Duke University surrounded by a laurel wreath into which are set the three symbols of the Trinity. In the back is the gilt coat of arms of the Duke family with the motto In Adversis Idev set in a sterling wreath of laurel leaves and bearing the inscription Duke.
Order of Procession

The audience remains seated during the procession until all candidates enter the stadium. When the Wind Symphony sounds the fanfare which signals the entrance of the faculty, the audience and candidates will rise and remain standing for the prayer and the hymn.

THE NATIONAL ANTHEM

THE INVOCATION ........................................................................................................ Albert D. Mosley
Associate Dean of the Chapel

HYMN—Tune: St. Anne
1. O God, our help in ages past,
   Our hope for years to come,
   Our shelter from the stormy blast,
   And our eternal home!

2. Before the hills in order stood,
   Or earth received her frame,
   From everlasting Thou art God,
   To endless years the same.

3. A thousand ages in Thy sight,
   Are like an evening gone;
   Short as the watch that ends the night,
   Before the rising sun.

4. O God, our help in ages past,
   Our hope for years to come;
   Be Thou our guide while life shall last,
   And our eternal home! Amen.

—Isaac Watts
(1674-1748)

ALMA MATER

The audience stands for the Alma Mater and remains standing until the platform group and the faculties leave the Stadium.

Dear Old Duke, thy name we sing,
To thee our voices raise, we'll raise,
To thee our anthems ring
in everlasting praise.

And though on life's broad sea
Our fates may far us bear,
We'll ever turn to thee
Our Alma Mater dear.

—R. H. James '24

David Michael Harrild
Duane Anthony Mitchell
Joy Yee-jia Wu
Talene Alene Yacoubian
HONORARY DEGREE RECIPIENTS

David R. Gergen - Doctor of Humane Letters

Faculty Sponsor - Joel L. Fleishman
Trustee Sponsor - A. Morris Williams, Jr.

Over the last three decades, David Gergen has been an active participant in American national life, including serving as an adviser to four U.S. presidents. At age thirty, he was head of the speechwriting and research team for President Nixon. He was special counsel to President Ford from 1975 to 1977, and in the early 1980s he served as the first communications director for President Reagan. In 1993, he served as counselor to President Clinton on both foreign policy and domestic issues, then as special international adviser to the president and to Secretary of State Warren Christopher.

Gergen currently serves as editor-at-large at U.S. News & World Report and as a regular analyst on ABC's Nightline. He is also a professor of public service at Harvard University’s John F. Kennedy School of Government and co-directs its Center for Public Leadership. He previously taught at Duke’s Terry Sanford Institute of Public Policy.

Last fall, he published Eyewitness to Power: The Essence of Leadership, Nixon to Clinton. In the book, he draws upon his extensive experience in the White House and offers lessons for leaders of the future.

Gergen is a native of Durham, and his father, John F. Gergen, was a professor of mathematics at Duke from 1936 to the time of his death in 1967. Gergen is an honors graduate of Yale University and the Harvard Law School.

Patrick M. Williams - Doctor of Fine Arts

Faculty Sponsor - Paul R. Bryan
Trustee Sponsor - Susan B. King

Patrick Williams, a 1961 graduate of Duke, has composed hundreds of scores for feature films and television, records, and concert works. His work has garnered an Academy Award nomination for the movie Breaking Away and a Pulitzer Prize nomination for An American Concerto (for Jazz Quartet and Symphony Orchestra). He also has received three Emmy Awards, nineteen Emmy nominations, two Grammy Awards, and ten Grammy nominations.

Williams is also an accomplished arranger. In the late 1970s, he worked as musical director/arranger for Frank Sinatra's Duets (I and II), and he has arranged for a number of other artists, including Barbra Streisand, Billy Joel, Paul Simon, Sinead O'Connor, and Gloria Estefan. He has worked in virtually every aspect of the music business, including owning his own Soundways record label.

Initially, Williams studied classical trumpet, but he led his own swing-oriented band while still in high school. His interest in both classical and jazz music was further developed at Duke, where he played first trumpet in the Duke Symphony and Concert Band and led the Duke Ambassadors, a sixteen-piece jazz band. He later attended Columbia University to study orchestration. From 1961 to 1967, he was active in New York studios, recording scores for documentary films and arranging recordings for many vocalists and several Broadway shows.

Since moving to Los Angeles in 1968, Williams has devoted his time to composing and arranging.

Charlayne Hunter-Gault - Doctor of Humane Letters

Faculty Sponsor - Karla F. C. Holloway
Trustee Sponsor - Wilhelmina M. Reuben-Cooke

Charlayne Hunter-Gault joined CNN two years ago, after working for two years as National Public Radio’s chief correspondent in Africa. She worked for twenty years with PBS, where she was a national correspondent for The NewsHour with Jim Lehrer. During that time, she also anchored the award-winning Rights and Wrongs, a television newsmagazine on human rights.

Her numerous honors include two Emmy Awards and two Peabody awards: one for her work on Apartheid’s People, a NewsHour series on life during apartheid in South Africa; the second for general reporting on Africa in 1998. Her reporting has also brought recognition from the National Association of Black Journalists, Amnesty International, and other organizations.

Hunter-Gault began her journalism career as a reporter for The New Yorker. She then worked as a local news anchor for WRC-TV in Washington before joining The New York Times. She worked for The Times for ten years, including two years as the newspaper’s Harlem bureau chief. While in New York in the 1970s, she also directed a minority journalism program at Columbia University.

Hunter-Gault is the author of In My Place, a memoir of her experiences at the University of Georgia, where in January 1961 she and Hamilton Jones became the first two African Americans to attend the university. The state of Georgia had tried to deny them admittance for two years. This January, the University of Georgia held ceremonies commemorating the fortieth anniversary of the university’s desegregation and named a building after Hunter-Gault and Holmes.

THE TRADITIONS OF COMMENCEMENT

Duke University traces its origin to 1838 when Brown's Schoolhouse, a one-room log subscription school, expanded to Union Institute upon the uniting of Methodist and Quaker families. Today's ceremony represents the one hundred and forty-ninth official exercise dating from 1838 when the General Assembly authorized the institution to grant degrees. Throughout the years graduation exercises have varied in scope, sometimes offering as much as a week of celebration to the graduates, their families, and citizens of rural Randolph County, North Carolina, the site of the predecessor institutions to Duke University located near High Point. This weekend the exercises follow traditions established in that first decade of official ceremonies by recognizing graduation with distinction and noting recipients of special honors and prizes, by featuring a speaker from the graduating classes, by awarding honorary degrees, by offering Bibles to those receiving undergraduate degrees, and by having the faculty and administration honor the graduates and their families with an outdoor reception.

Notable ceremonies in the nineteenth century included those of 1859 when President Braxton Craven presented diplomas reflecting a name change to Trinity College to acknowledge the institution's church-relatedness, of 1877 when the first earned M.A. degrees were awarded, and of 1878 when Mary, Persis, and Theresa Giles earned degrees, becoming the first women graduates of the College. Student orations in 1888 by Daniel C. Roper and John Spencer Bassett demonstrated leadership in the graduating classes in that Roper became Secretary of Commerce under President Franklin D. Roosevelt and Bassett became a scholar of note in American history. In 1903 while professor at Trinity College, Bassett and Trinity's name became forever associated with the history of academic freedom. The College's Board of Trustees turned back widespread appeals for Bassett's dismissal when editorial in he wrote for the scholarly journal, The South Atlantic Quarterly, questioned the then prevailing views on race relations. Dormitories on East Campus were named in honor of the Giles sisters and Bassett.

The leadership of President John E. Crowell, the donation of land by Julian S. Carr, and the financial assistance of Washington Duke made possible the relocation of Trinity College to Durham in 1892. Within a decade Trinity College established a reputation for excellence, confirming President Crowell's opinion that higher education in the twentieth century would progress best in an urban setting, especially one with enlightened, progressive leadership. The College received numerous gifts for buildings, beautification, and even salaries for personnel from the Duke family, but especially welcome were three separate gifts of $100,000 each from Washington Duke for endowment.

In addition to the celebrated Bassett Affair, Trinity College gained a national reputation as a founding member of the Association of Colleges and Preparatory Schools of the Southern States, an accrediting agency that would upgrade educational standards in the region. Further recognition followed with membership in 1905, along with only one other southern institution, in the Association of American Law Schools, with the selection of Charles K. Bagley, Class of 1914, as the school's first Rhodes Scholar; and with the establishment of a Phi Beta Kappa chapter in 1919.

Graduation ceremonies became more formal under the direction of a College Marshal. Caps and gowns appeared, and after 1902 students received Latin honors in recognition of academic achievement. With appropriate ceremony the college paid homage to Washington Duke, who had died in 1905, with the unveiling of his statue at the commencement of 1908.

For thirty years William Preston Few provided distinguished leadership for the institution. Rarely has an institution changed as dramatically under the tenure of a single president. From 1910 to 1924 Few presided over the development of a particularly strong liberal arts college, and from 1924 until his death in 1940 he directed the successful transition to a complex, research university. In December 1924 long-range planning and a lifetime of family philanthropy culminated in the public announcement of a grand design to aid higher education, hospitals, orphanages, and the Methodist Church in North and South Carolina. Acknowledging the unique opportunity for a new identity presented by acceptance of the terms of the indenture of The Duke Endowment, the Board of Trustees of Trinity College enthusiastically agreed to organize a new institution around Trinity College. The enlarged institution was to be known as Duke University in honor of Washington Duke, benefactor and father of Mary, James Buchanan, and Benjamin Newton, all friends of the college in their own way.

Based upon the solid foundation of Trinity College, the University grew spectacularly. The old campus was rebuilt and opened as the Woman's College in 1930, and another campus was erected one mile to the west. The curriculum expanded and succeeding graduation programs noted new degrees: B.D. and M.Ed. in 1927, Ph.D. in 1928, and LL.B. in 1929. The M.D. joined the list in 1932, and a B.S. in Engineering in 1933, a B.S. in Nursing in 1936, and a Master of Forestry in 1939. In 1938 in only its fourteenth year as a university, Duke became the thirty-fourth member of the prestigious Association of American Universities. The membership currently includes only 50 research universities.

The location of the graduation exercises themselves reflects the changing nature of the University. First held in Craven Memorial Auditorium on East Campus, they were moved to West Campus in 1931 and held successively in Page Auditorium and in the outdoor and indoor stadiums. Special ceremonies at commencement have included the laying of the cornerstone of the Gothic campus in 1928, the first use of the Chapel and the inaugural carillon and organ recitals in 1932, and the unveiling of the statue of James B. Duke in 1935. The exigencies of World War II required the awarding of degrees during the year in special ceremonies in a variety of locations.

Today's ceremonies reflect the interest of more recent presidents in combining tradition and innovation. President Douglas M. Knight directed special attention to the University's highest degree with the adoption of official academic regalia with a distinctive design and blue color for the Ph.D. degree. The mace and chain were authorized at the same time, but were first used in 1970 at the inauguration of President Terry Sanford. In 1972 the degree of Master of Business Administration, the last curriculum recommended by James B. Duke, joined the list of degrees awarded by Duke University. With ever-increasing participation by graduates and attendance by relatives and friends, President Sanford pursued new ways to continue a single university-wide convocation of undergraduate and graduate and professional school students which would still maintain traditional exercises. In a unique format baccalaureate services are offered three times, and the commencement exercises have now returned to an outdoor setting, first to Wallace Wade Stadium in 1974, to the East Campus quadrangle in 1980, and in 1984 back to the Stadium. Today President Keohane, installed on October 23, 1993, as eighth president of the University and thirteenth president of the institution, presides over her eighth commencement.

As noted by the Board of Trustees in 1924, "The institution has already had three names, and it has not always occupied its present site... But through all this outward change it has kept one soul, it has been guided by the same controlling faiths. Now it changes again to meet changing conditions." The traditions of graduation bind the University to all that has gone before. While guided by the motto Eruditio et Religio for one hundred and forty-two years, the University continues "to change to meet changing conditions."
